

## VISIT TO AIR FORCE MUSEUM, PALAM, NEW DELHI

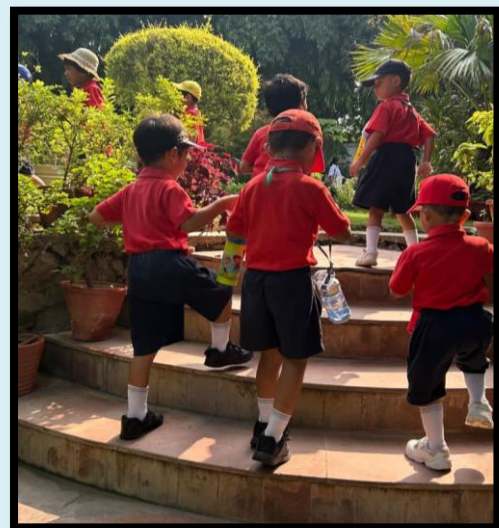

On 18th September 2025, Thursday, Mynas classes A, B and C went for an outdoor visit to Air Force Museum at Palam, New Delhi. The main purpose of the trip was to give exposure to the children about the history of the Indian Air Force.

---

Before the trip began, the class teachers held a briefing about the logo and the round Indian flag of the Indian Air Force during Circle Time. The idea of the logo was conveyed and made easy and simple to the children by the teacher by asking them what the logo of Santa Maria is.

The teacher then lead the children in praying before moving out of the school for the safe and successful visit to the Air Force Museum.

The Indian Air Force Museum in New Delhi is located at the Palam Air Force Station, this museum offers a fascinating glimpse into the glorious journey of the Indian Air Force.

**It has Outdoor exhibits and Indoor galleries as follows:**

The outdoor exhibit area features a wide array of planes and military memorabilia, including fighter jets, helicopters, and vintage aircraft.

The museum has three galleries that showcase historic photographs, uniforms, and personal weapons dating back to the establishment of the Indian Air Force in 1932. We can find war souvenirs and iconic artifacts on display.

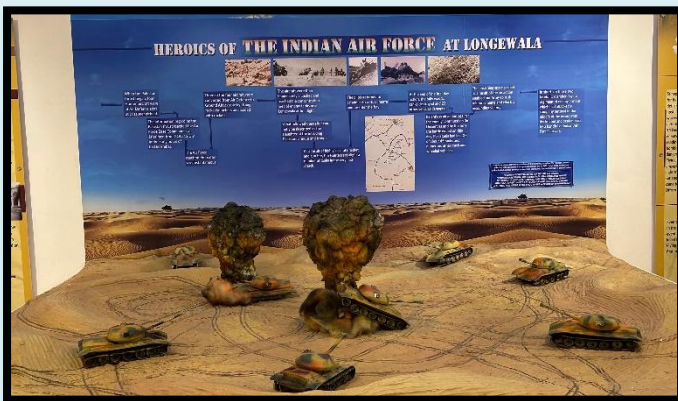

With everyone visibly excited on reaching the Air Force Museum, the children were first guided to the Outdoor exhibits and then to the Indoor Galleries. All the children were so thrilled and excited at the sight of the outdoor and indoor displays. The teacher told them about the fighter jets, helicopters, and missiles on display. We could see the children staring at the helicopter blades and talking about how big the blades were.

Once inside the Indoor galleries, the teacher told them about the Air Force fighters on display with their pictures on the walls. The uniforms on display were also a sight to see for the children.

This visit gave immense joy and experience to the children. They get to see in real life specially about fighter jets, helicopters, tanks, missiles, Air Force uniforms and much much more which they have seen in pictures and televisions.

Once all exhibits rounds were completed, all the children were assembled in lines and carefully guided back to their buses. On reaching the school, the teacher led them again in prayer thanking God for bringing everyone back to school safely.

As a parent, I feel so fortunate and it's an honor to be a part of this visit and I thank the Class teachers and Santa Maria school for organizing this fantastic trip.
